WHEN FATHER SIGNS A CHECK.
They've lately served poor father up
In quite sarcastic truck.
"What father sings a lullaby?"
"What father has a cold in the day?"
And when he monkeys this or that
To any rhymester's heel,
But father has a check about
When father signs a check.

The old man isn't up to date
In table manners, p'raps,
And when he walks, he walks to dress
Like modern Alice Lepage,
But on his business habits, sirs,
There's not a man for rock.
He's got a paper gold and gold
When father signs a check.

He uses the colonial quill,
The letters of his name
Are written in a hand that writes
Unevenly the same.

But you can bet the jewels all
That father's a jolly soul,
Mother's hand out the requisite
When father signs a check.

WEEKLY RECEIPTS.

What the Building Associations Recorded Saturday Night.

The receipts of the several Building Associations of this city Saturday night were as follows:

Mason County Limestone	\$400.00
Portland	250.00
Brick	200.00
Total	\$1,250.00

Mason is soon to lose one of her best families. Mr. John B. Holton will this fall move to Indianapolis to make that city his home. The departure of Mr. and Mrs. Holton, with their charming children, leaves a void in the family circles—husbands, children and social—that it will be difficult to fill. While regretting their removal, none but the very best of good wishes will follow these excellent people to their new home.

Children's Day was observed yesterday morning at the Methodist Episcopal and First Presbyterian Churches and in the evening at the Christian Church. Special programs of music and recitations had been prepared by the little ones, making the services of especial interest. Unusually large audiences were in attendance, the public thus endorsing that annual celebration of the little folks. Large collections were received at these services.

Over 2,000 Democratic Precinct Boards—119 in the County Election Board and a solidly Democratic State Election Board—every one the creation of Mr. Goebel and his party.

Every vote cast at the election held in Kentucky on Tuesday, November 7th, 1905.

William S. Taylor...193,714

William Goebel...191,331

Taylor's Plurality...2,383

The Goebel Law is the most fitting monument that GOEBEL could have.

The learned political Doctors disagree. This screed appeared in the local Goebel paper Friday—

"FOUR years ago McKinley carried Oregon by over 2,000 and two years ago the Republican majority was over 10,000. Now they are blowing their horns at the result this week. If they have anything to jollify over, it is not apparent in the returns."

The best answer to the above is the following from another Goebelite paper—The Courier-Journal of the same date—

"In the Oregon campaign the opposition to the Republicans was made on precisely the lines on which it is sought by many party leaders to oppose the Republicans in the National campaign."

The Oregon Democrats, Populists and Silver Republicans all combined and put out a fusion ticket on the issues raised by the Chicago platform, with the addition of anti-Expansion. The Republicans met these issues squarely. They stood for good roads and good schools, and they championed enthusiastically the expansion of our National territory as brought about by the War with Spain. This last was the real issue of the campaign. The fusionists fought it. The other issue was the same paper, showing that however parties may thunder in the platforms the people know what is really before them.

"The result offers no encouragement to those who would have the Democrats and the Silver Republicans displaced in the Nation's campaign that has just been made in Oregon. Although there was no Governor to be elected this year the Republicans carry the state by a plurality four or five times as great as that by which McKinley carried it."

Wilson, charged with the murder of Miss Mary Cloyd, at London, was found guilty of voluntary manslaughter, and sentenced to the penitentiary for five years. The case was tried in this county, and a motion for a new trial was overruled. Wilson granted an appeal to the court of appeals, the execution of the judgment being ordered suspended for 60 days.

KENTUCKY FLASHES.

SETTLED WITH WINCHESTERS.

Dispute Over the Management of a Sunday School Leads to a Shooting Affray.

Williamsburg, Ky., June 11.—A dispute over the management of a Sunday school in an obscure section of this country led to a fight between a number of men, including a Greek, more, his brother, Reuel, and two friends were walking along an isolated road on the way to their home, when they were held up at the point of a Winchester rifle in the hands of Cal Clegg, who was accompanied by his wife, and John Ryan, armed with revolvers.

The Creekmen boys failed to heed the command, when the shooting occurred. Reuel Creekmore was shot through the heart, and died. He had tried to get, fell, fatally hurt. Tommet and the Ryan boys have been traced into Tennessee. Warrants have been issued for their arrest, which are now on their way to the Tennessee officers, and they have been offered by the father of Reuel Creekmore to the friends of the Creekmen are looking for the fugitives, and further trouble will follow if they meet.

FOOLED BY MISS GOULD.

Announced to Attend Second Presbyterian Church, Louisville, She Went to Another Tabernacle.

Louisville, Ky., June 11.—Unknown to Miss Helen Gould, Louisville papers announced Sunday morning that she would attend the Second Presbyterian Church, Louisville, and the crowd and people were turned away. The Rev. Chas. R. Hemphill, of the Southern Theological seminary, of this city, filled the Second Presbyterian pulpit Sunday, told in his sermon of the Southern Presbyterian church's offer to raise \$100,000 for education, and discussed the need of a university in Kentucky that would set a standard of education for the entire state.

Miss Gould, anticipating a big crowd at the Second Presbyterian, two blocks away.

It was said at the church after the services that Dr. Hemphill's sermon was prepared before Miss Gould's visit to this city and without regard to her.

Compare it with other local papers, and you will see, if you do, that our paper is the best, and that it doesn't give the most for the money. Can't you afford to have it at your residence for a month? Mr. Hal Curran will be glad to book your order.

WANTED—For the service of the

State of Oregon.

It is used to moralize on the re-

sun. This is good for Expansion.

This is clearly indicated in the first state in which the issue has been squarely tested. Will the Democrats be so foolish as to insist on repeating this test at the Presidential election, instead of using their influence to get the Republicans to give up the old-time Democratic policy of Expansion and making their fight on the Republicans' administrative abuses of that policy?"

but Will Wait Until the
Last Moment.**

St. Louis, June 11.—Sunday was one of the most eventful and bloody days since the great strike on the St. Louis street railway began two weeks ago. There were numerous encounters between strikers and other riotous individuals, resulting in three deaths and the wounding of more than a dozen persons, mostly strikers. One of the latter will die.

C. Edward Thomas, striking conductor on the Chestnut avenue line, shot in breast by deputy sheriff; died on way to hospital.

George Sutton, striking motorman on Delmar avenue line, shot in abdomen by deputy sheriff; died at city hospital.

Fred Boehm, aged citizen, shot and instantaneously killed while standing his front yard by deputy sheriff.

The wounded are:

Ed Burkhardt, striking conductor on Delmar avenue line, shot in head; may die.

Oscar Martin, conductor on the Lee avenue line, shot in right hand; arm: serious.

August Smith, shot in right arm and breast; not serious.

Charles Ludwig, shot in hand; not serious.

Ed Barry, motorman on Laclede avenue line, shot on head with brick and badly injured.

James McGuire and John McGroarty, severe scalp wounds received, trouble with strike sympathizers.

Ready to Call Out the Militia.

Jefferson City, Mo., June 11.—Gov.

Stephens says that everything is being put in readiness for calling out the national guard to put down the quell disorder in St. Louis consequent to the street railway strike, but he will not issue the call except as a last resort. It will cost, he says, \$3,000 to \$3,500 men in St. Louis, and as much per day to maintain them, and at that rate the cost would be great, he does not know how the legislature would view a deficiency of \$100,000 for maintaining troops in St. Louis. It might require an extra session of the legislature to appropriate the money, he says.

TWO NEGROES LYNCHED.

Probably One of Them Was In-
cident and Possibly Both Were
Not Guilty of the Crime.

Biloxi, Miss., June 11.—Two Negroes were lynched, possibly for one man's crime, early Sunday morning at Biloxi. It is not known whether or not either of the two victims of mob law was guilty. Henry Askew and Ed Russ, held as suspects, were taken out and strung up to a tree in a ditch just behind the railroad station.

On June 2 Christine Winterstein, a 13-year-old schoolgirl, was outraged and murdered about two miles from Biloxi while on her way home from school exercises. Askew and Russ, both of whom had been in the vicinity of the place where the outrage was committed, were charged with the crime.

His Brain Turned to Flots.

Toledo, O., June 11.—James McNeely, a 13-year-old boy of Avondale, died after suffering from enlargement of the skull, his head measuring 30½ inches. The skull was so large that the skull was opened at the autopsy, the physicians were surprised to find that it included five and one-half quarts of a fluid as clear as crystal. The brain, instead of being solid, was hollow, and in the interior was this fluid. The boy was a mere shell of a scoundrel, a sixteenth of an inch high. Young McNeely was unusually bright. In fact, he was further advanced in this respect than most boys of his age.

Stabbed His Brother.

Columbus, O., June 11.—Because Thomas Lee told his brother John that he was going to leave the boarding school with him, John, who is but 16 years old, stabbed Thomas in four places, producing wounds that may result fatally. John fled. Thomas is a pugilist, and bears a good reputation. He is 25 years of age. John has not worked for months. Both are lifelong residents of Columbus.

One Trooper Wounded.

Kansas City, Mo., June 11.—It has been discovered that the Spanish command, Kansas City, several months ago by the government, to be placed in one of its parks as a trophy of the Cuban war, has been loaded with powder and projectiles even since it left Cuba.

Certified Murder Case Resolved.

Togosa, Kan., June 11.—The supreme court has reopened the celebrated murder cases of Geo. Dohbs and Mrs. Amelia New, now serving life sentences in the Lansing penitentiary for the murder near Eureka in 1897 of Jos. New, the woman's husband.

UNDER WRONG NAME.

After a Search Extending Through
Twenty Years a Father Finds
His Lost Son.

Anderson, Ind., June 11.—William Clark, living near Ft. Wayne, after a search extending through 20 years, finally located his son in this city. Twenty-five years ago his wife died, leaving him twin sons, but a few days old, and took guardianship of them. Wm. Sutton, son and wife. They later moved to Wabash, and from there to Anderson. Sutton was an engineer on the Big Four road.

Walter Clark, son, in this city, and knew his father other than Sutton. After the Suttons moved to Anderson Clark lost all trace of them. In some manner he learned that Sutton had been in the employ of the Big Four road, and after visiting the town alone, he began to call to this city Saturday, and was told that Sutton was dead, but that his son, Walter Sutton, was here. Clark finally located his boy in a restaurant and recognized him as though not having seen him since a baby.

A short time ago young Clark was married to a young lady of this city, but he was married as Walter Sutton, and the ceremony will again be performed to honor his right.

The twin brothers, Wm. Walter has not seen for 25 years, is now a captain in a United States volunteer regiment in the Philippines. Young Clark accompanied his new-found father to Ft. Wayne.

RULEAN CONVENTION.

**Arrangements All Complete for the
National Gathering at Phila-
delphia Next Week.**

Philadelphia, June 11.—The republican convention of 1900 has everything in readiness, probably, for the national gathering of the publicans of the United States ten days in advance of the date fixed for the opening session. On Saturday Sunday and Monday, June 16, 17 and 18, the reception committee will be at the railroad station to meet and welcome the visiting clowns. On Monday night there will be a monster torchlight parade in which 25,000 men are expected to march. Exercises have been arranged for every town in interest to go down the Delaware river and to historic places in and around the city.

The nights will be given up to banquets, smokers, concerts and other forms of entertainment. Tuesday and Wednesday, June 18 and 19, in the evening, there will be a monster mass meeting in the Auditorium of Music. The best orators among the leaders in the party will be the speakers. Prominent senator will be tendered complimentary dinner.

The most important affair of the week will probably be the dinner to Chairman Hanna on Saturday night.

CRISIS AT PEKIN.

All Communication has Been Cut
Off From the Chinese Cap-
itol Since Saturday.

TOWN IS REPORTED TO BE BURNING

Approaches to Legation Street Are
Surrounded by a Howling Mob of
Undisciplined Soldiers.

**TEN THOUSAND SOLDIERS AND MARINES
Will Be Sent to Pekin to
Up the Demands of the For-
eign Ministers There.**

London, June 11.—The Boers have
taken up 21 miles of Lord Roberts' vital line of railway between
America Siding and Beaufort. It is a
bold raid, and vexatious, but it does
not disquiet the military authorities
as yet, for they expect Gen. Kelly-
Kenny to drive off the marauders
and to repair the line.

The rapidity of the advance of Lord Roberts can not have permitted him to accumulate large reserves of stores. Therefore an interruption of the rail-
way, even for a week, will increase
the difficulties of the Boers and bring the foreign
troops to a standstill. This raid on the railway,
the strenuous opposition to Gen. Kelly-
Kenny to drive off the marauders

Trouble has broken out at New
Tchoung. The state of anarchy around
Pekin is likely to be imitated in many
quarters. Asiatic artillery has been
ordered from Hong Kong to Tien
Tsin.

The Boers, who had been camping at
Ganshoel, close to the point where
the frontiers of the Free State with
the British marched eight miles yester-
day," says a Reuter correspondent,
"before encountering any opposition.

The Boers, who had one gun, with-
drew from the British line, and fired a
few shots just ahead of the enemy.

This long-range, running skirmish
will doubtless be renewed. Gen. Buller
is expected to make rapid progress
now and to throw the weight of
20,000 men into Lord Roberts' com-
bined forces.
